PICTURE BOARDS

Version 3

HERE ARE SOME IDEAS HOW YOU CAN USE THEM:

1. One person explains the chosen word to the partner or group. Everyone tries to guess and say the right answer, write it in the chat, or circle it on the screen if you're using Zoom.
2. Make a story.
3. Play the Yes/No game, where one person chooses a word, and everyone else asks Yes/No questions.
4. How many can you remember? Give your students some time to memorize as many pictures as possible. When time is up, they write all the words they remember in the chat.
5. Eh Game. Try to speak about any picture or topic for 30 seconds, 1 minute, or as long as possible without saying "um," "eh," "oh," etc.
6. Make sentences about the pictures, which is useful for practising different grammar topics.
