Last Time / Next Time

Rules:

1. **Students will reflect on a past experience using the prompt "Last time I…" and then add a follow-up using "Next time I will…" to show what they've learned or how they would improve.**
2. **Show a card of "Last time…" prompts Let students choose freely or assign randomly for variety.**
3. **Each student should speak for about 1–2 minutes. They must use both the past and future forms in their response.**
4. **Students can talk about real experiences or invent fictional ones—as long as they use correct grammar and stay on theme.**
5. **After a student speaks, encourage the group to ask a follow-up question or make a comment.**

Example:
- **Last time** I went camping, I forgot to bring a flashlight. We ended up using our phones for light, which wasn't very helpful.
- **Next time** I will double-check my packing list and bring extra batteries too.
