You are going to take part in an **Autumn Debate Café**.

1. Read the statement aloud. Decide whether you agree or disagree.
2. Give your opinion using strong expressions (e.g. I strongly believe…, It's obvious that…, In my opinion…, The truth is…).
3. Add at least one reason and one extra detail to support your view.
4. Your classmates may challenge you or give counterarguments.
5. After a few turns, swap cards and repeat with new topics.

Remember: your goal is not only to share your opinion, but also to make it convincing and interesting.
